TAVA Meetings Presentation Guidelines

The purpose of this document is to outline policies and procedures for presentation materials presented or distributed at TAVA meetings, conference and events. Should you have any questions, please contact president@transveteran.org.

Section I: Formatting

TAVA outlines the following guidelines in an effort to encourage an overall look and feel to our meetings:

- TAVA meetings/conferences generally have a specific branded template. Speakers are required to use this template unless otherwise agreed upon with TAVA.
- The smallest font size to use should be 30 pt size as session rooms are large.
- If there are multiple presenters, the presentation should be merged into one document.
- The first slide or page of the presentation should include: Session Title, Date, and Time; Presenters name(s), title, company
- To encourage practical use of content, learning objectives must be clearly outlined prior to beginning the content.

Section II: Visual Aids

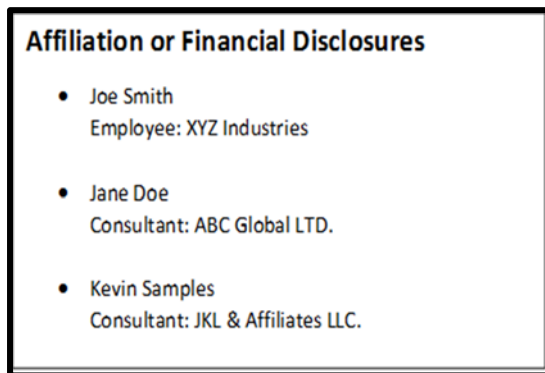

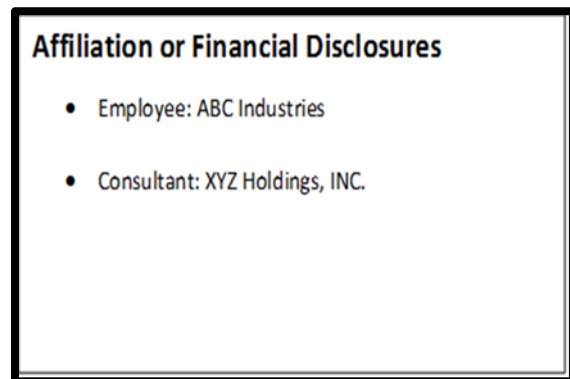

To help engage the audience, presenters are encouraged to use images and visual aids to reinforce learning.

- Speakers should ensure that no images used are copyrighted or intellectual property of another person, organization or entity.
- Proper citation and credit are to be provided to originating source when using images, data or examples from other organizations or speakers.
- Presenters should avoid using images that contradict the mission of TAVA. This includes images of trans-phobic messages, anti-LGBT rhetoric, and anti-military demonstrations.

Section III: Marketing and Branding

As a member driven organization, TAVA must be careful to avoid conflicts of interest with commercial entities. Therefore, in cases where an education session is presented by an industry group, organization, consultant or entity that has a potential conflict of interest, the policy below must be followed:

- TAVA does not permit merchandise, products, self-promotion, or advertisements during any education sessions at any TAVA meetings. Any exceptions are at the sole discretion of TAVA.
- The presentation cannot promote any brand, company or product.
- If using images of the organization's product images, at least 2 other competing brands are required to be included in the presentation to avoid conflicts of interest.
- Company logos are allowed on the FIRST and LAST slide only.
- A disclosure slide must be included immediately after the title slide. Sample disclosure slides are provided below.

Section IV: Miscellaneous

- Presentations cannot include statements or images that contradict or damage TAVA's image or mission statement, including but not limited to its members and affiliates.
- The maximum display resolution of standard LCD projectors is 1024x768. Ensure that all images or videos fit these parameters.
- Presentations are to be provided to TAVA at least (2) weeks prior to the event. Presentations should be submitted to TAVA electronically.
